**3** Select a residential college from the list of colleges displayed based on the student's status.

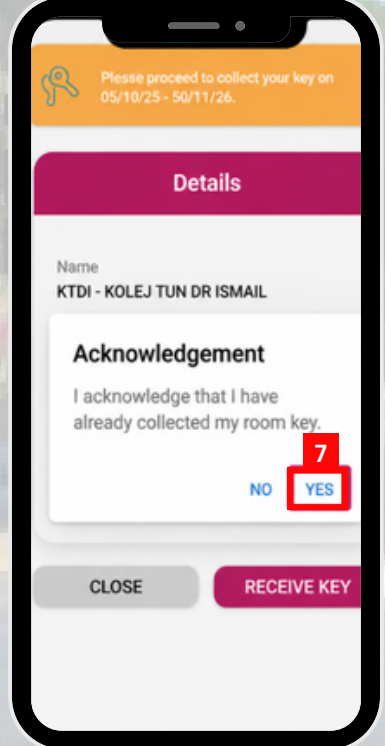

**4** Select a room type from the displayed list. Each room shows the names of applicants who have successfully registered for that room.

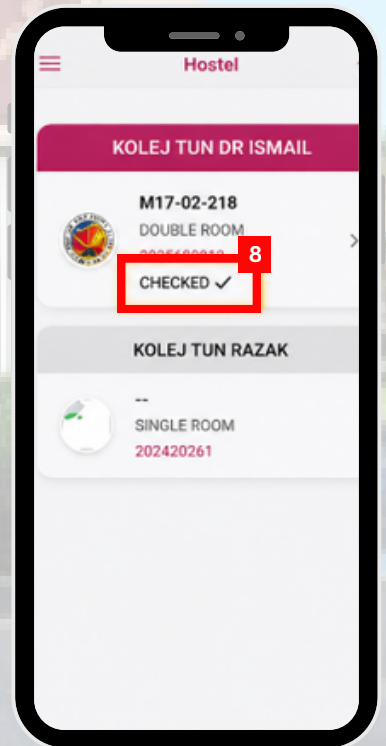

**5** The registration details will be displayed for the student's verification to ensure that the submitted application is accurate and correct.

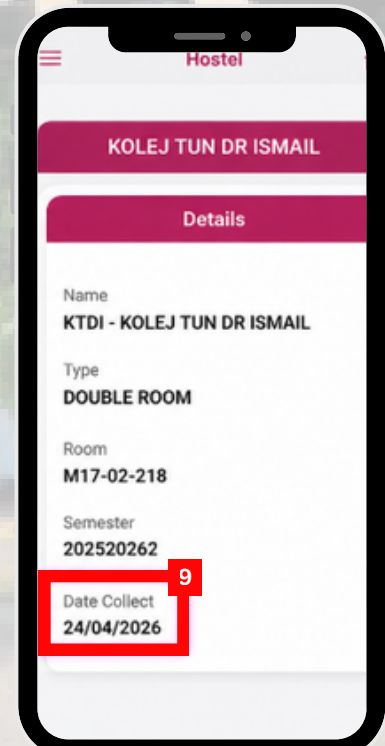

**6** Upon completion of the room selection process, students may collect their room keys according to the date scheduled by the college management/Residential Unit.

**7** After collecting the key, students are required to select "Yes" in the Acknowledgement section to confirm receipt of the key.

**8** After the "Receive Key" button is selected, the system will update and display the student's status as checked in to the registered residential college.

**9** The key collection date will be recorded and displayed in the Student Details section for the student's reference.
